NexCart Return & Exchange Policy

Last updated: March 1, 2026. Applies to orders placed through NexCart.com and the NexCart Seller Portal in the United States and Canada. International marketplace orders follow the seller's listed policy unless NexCart is the merchant of record.

Return window

Most unused items may be returned within **30 days of delivery** for a full refund to the original payment method. The return window is measured from the date the carrier marks the package as delivered, not from the order date. Seasonal and promotional items marked Final Sale are not eligible for return.

Electronics in the NexCart Basics line (chargers, earbuds, smart plugs) have a **15-day** return window because of restocking and firmware pairing. Opened software, gift cards, and perishable grocery add-ons cannot be returned.

If a delivery is delayed more than 7 calendar days past the quoted window, we extend the return window by the number of delay days. Contact support with the order number; the extension is applied automatically once shipping scans confirm the delay.

Category	Window
Most unused items	30 days from delivery
NexCart Basics electronics	15 days from delivery
Software, gift cards, perishables	Not eligible

Condition requirements

Items must be unused, in original packaging, with all accessories, manuals, and hang-tags. We inspect returns at the Dayton, Ohio reverse-logistics hub. Light wear from trying on apparel is acceptable. Stains, odors, missing parts, or evidence of installation (for example, a smart lock that was drilled into a door) will be classified as damaged and may be refunded at a reduced amount or rejected.

Photographs of the item and packaging help us process a return before the package arrives. You can upload photos in the Returns Center. This does not replace inspection.

How to start a return

- 1 Sign in to your NexCart account and open **Orders** → **Request return**.
- 2 Select items and a reason (wrong size, damaged, changed mind, not as described).
- 3 Print the prepaid label or use the QR code at a UPS Access Point. Label cost is deducted from the refund for change-of-mind returns (\$6.99 domestic). Labels are free for damaged, defective, or incorrect items.
- 4 Drop off the package within 14 days of generating the label. Labels unused after 14 days expire and must be regenerated.

You will receive an email when the warehouse scans the return. Refunds typically post **3–5 business days after inspection**. Store credit posts the same day as inspection and includes a 5% bonus on change-of-mind returns.

Exchanges, warranty, and exceptions

Size and color exchanges for apparel and home textiles are treated as a new order at the current price plus a \$4.99 handling fee, waived for NexCart Plus members. Defective items can be exchanged like-for-like at no charge, including expedited replacement shipping.

Manufacturer defects discovered after the return window may still be covered under the 12-month NexCart Basics limited warranty. Warranty claims are not returns: we repair, replace, or issue a prorated credit. Do not use the Returns Center for warranty claims; open a ticket under **Account** → **Warranty**.

Custom-engraved goods, made-to-order furniture, and items fulfilled by third-party sellers labeled Ships from partner follow the partner's policy displayed on the product page. NexCart will help you contact the seller but cannot override their window.

If you received a damaged shipment, photograph the box and contents within 48 hours of delivery. We will arrange a replacement before you ship the damaged unit back when inventory is available. An electric scooter or other vehicle accessory returned 45 days after delivery is outside the 30-day unused-item window and is not eligible unless a delay extension or warranty claim applies.
